April 4, 2026

Dear EPCWD landowner,

As we approach the time for annual assessment of fees for the Estrella-El Pomar-Creston Water District/GSA, we would like to give you the opportunity to update your irrigated versus non-irrigated acreage so that our records accurately reflect what is on the ground.

Please complete the form on the next page to indicate any changes and scan and return it by email (preferred) or by regular mail as indicated on the form and also take this opportunity to update the District on the best email and phone contact for you as we want to be sure to keep you up to date on meetings, activities and news regarding the Paso Robles Groundwater Basin.

Please return this form by MAY 1, 2026 for our 2026-2027 assessments to be accurate.

Thank you for your prompt response.

Sincerely,

Laurie Gage
District Administrator
